

So Real, You'll Want To...

“Mow It.”

Grass

“Shovel It.”

River rock

“Spread It.”

Bark mulch

New Landscape Lids™ by Orenco®

Our Landscape Lids don't just look real; they offer real performance and security, too.

Like all Orenco's fiberglass lids, Landscape Lids are watertight, strong, and durable. In fact, they can support a 2500-lb wheel load.

Use Landscape Lids to provide a secure covering for septic system risers and irrigation valve boxes. They come standard with stainless steel hex-drive

screws and hex key. For a higher level of protection, tamper-proof bolts are also available.

Landscape lids come in grass, river rock, and bark mulch patterns, in 18", 24", and 30" diameters and in sizes to fit AX20 and AX100 pods.

So get real! Call your Orenco distributor for details. Or call Orenco at (800) 348-9843.
